BOYCOTT THE FUND DRIVE AT KPFK 90.7FM - PLEASE DON'T FUND THE DESTROYERS OF THE PACIFICA RADIO NETWORK

SUPPORT TRUE ALTERNATIVE COMMUNITY RADIO

While US bombs fall and mainstream media beats the war drums, we need true alternative media more than ever. KPFK 90.7 FM was created to provide us with progressive programming for truth and justice. But in these times, it has deserted its listeners and abandoned its mission.

Our community radio station changed when a small clique of corporate predators seized control of KPFK's parent organization, the Pacifica Radio Network. The board of directors is devastating our radio stations with mass firings, censorship, and financial starvation. They are wrecking an entire radio network to gain control. The goal? Among other things, they are proposing bylaw changes to make it easier to sell the stations and pocket some of the proceeds themselves.

Worst of all, they want you to pay for their betrayal and fiscal irresponsibility by donating your dollars to KPFK's fund drive. EVERY CENT GIVEN TO KPFK IS DIRECTLY UNDER THE CONTROL OF THE CORPORATE PREDATORS AT PACIFICA RADIO NETWORK. If you give to their fund drive, your money will go to high priced legal, public relations, and security fees to pay for their takeover.

Year 1999: A staggering $440,000 of your dollars paid for security guards and related expenses to lock down the station in Berkeley.

Year 2000: A whopping $525,000 of your dollars paid to Epstein Becker& Green, and other union-busting law firms.

Year 2000: Some 30 cents of every one of your dollars paid to bloat the Pacifica bureaucracy in Washington DC instead of to support our radio stations.

And today they've hired even bigger guns: Law firms like Williams & Connolly, Fulbright & Jaworsky, and public relations firms like Westhill Partners who represent big tobacco corporations.

Give your money to help bring back true alternative progressive radio instead. Give generously to fund the:

Fight to stop the takeover of Pacifica Radio Foundation-
Institute for Media Analysis/Pacifica Campaign
51 MacDougal Street #80
New York, NY 10012
